Vehicle Supply Policy

Sometimes, there may be circumstances outside of our control and yours that lead to Overlander not being able to supply you with the make, model, configuration or category of the vehicle you have booked or in rare circumstances, we may be unable to supply you with a vehicle at all.

Unable to supply Make/Model/Category.

Whilst we will always do our best, Overlander does not guarantee the Make, Model or Category of the vehicle you have booked. If we are unable to supply you with the camper category you booked, we will try to supply you with a substitute vehicle of similar quality and configuration, when considering your intended use. We do not offer compensation, refunds or discounts, other than a lower rate if it is applicable in these circumstances.

Unable to supply any vehicle

In rare circumstances, we may not be able to supply you with a vehicle at all. For example if one of our vehicles is involved in an accident or suffers major damage just prior to your hire and we are fully booked during a peak period.

In this instance, we will attempt to find a substitute vehicle which is of similar quality and configuration to the one you have booked and if we are unable to do so we will offer you a refund of 100% of any monies paid to us (excluding vehicle permits or other 3rd party fees, if already paid by us).

Overlander will not reimburse you for any out-of-pocket expenses (such as airfares or other travel costs). As such, we strongly recommend that you take out Travel Insurance prior to your booking date.

Roof Top Tents

We reserve the right to provide you with a vehicle fitted with two (2) roof top tents, even if you booked a vehicle with only one, single roof top tent. This is because we do not have the capacity to remove and refit roof top tents at all of our locations.
